1st meeting: August 23, 2000
2nd meeting: October 25, 2000
3rd meeting: January 10, 2001 (tentative)
4th meeting: February 14, 2001 (tentative)

During the first two meetings the SIT Team discussed and examined the below subjects as avenues to accomplishing the two near-term strategies. Recommendations will be drafted during the January and February meetings, with a final draft being submitted to the SMC around the first of March, 2001.

Strategy No. 1.2.6

- Endorsement of the efforts of the Professional Trainer Corps (PTC)
- Endorsement of the efforts of the Tactical Oversight Board (TOB)
- Revising PE's & labs to make more multi-divisional (subjects and staff)
- Implementing student/instructor debriefings following labs & PE's
- Construction of multi-divisional tactical training facilities ("Hogan's Alley)
- Short-term cross divisional assignments of senior instructors
- Better dissemination of new and revised lesson plans

Strategy No. 1.2.7

- Endorsement of the TOB/OFT Procedures for Enhancing Training Consistency
- Endorsement of the OSS Manual (Mike Grace/TOB)
- Conversion of the OSS Manual to DVD with video clips of techniques
- Support of the PEETP

- Implementing student/instructor debriefings following labs and PE's
- Develop DVD of all lab and PE scenarios for instructor reference
- Incorporation of intermediate weapons systems for all students
- Revise major labs and PE's to multi-divisional focus and staffing
- Incorporate a Field Training Officer (FTO) concept in labs
- Short-term cross divisional assignments for senior instructors
- More multi-divisional attendance in DITP, FITP, and PFCTP
- Better dissemination of new and revised lesson plans

Anyone with ideas or recommendations that support these two very important near-term strategies, is encouraged to contact any member of the SIT Team. Anyone desiring to attend future meetings may contact the team leader for the time and location.
